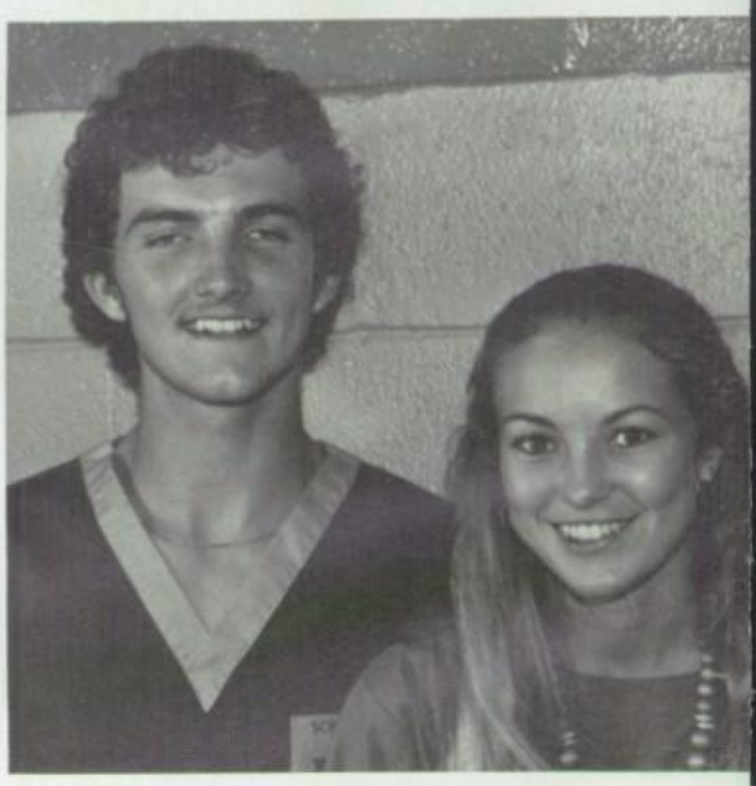
OVER THE RAINBOW

REFLECTOR 1985

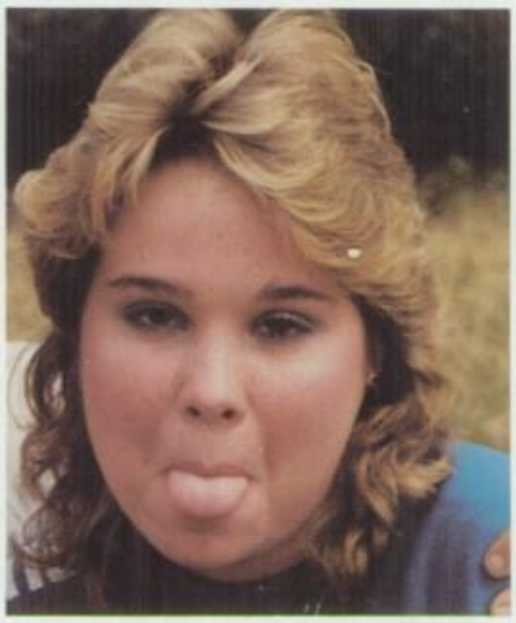
Manchester High School
Manchester, GA 31816

Somewhere over the rainbow
Where skies are blue,
Stands our own beloved high school
Where dreams really do come true.

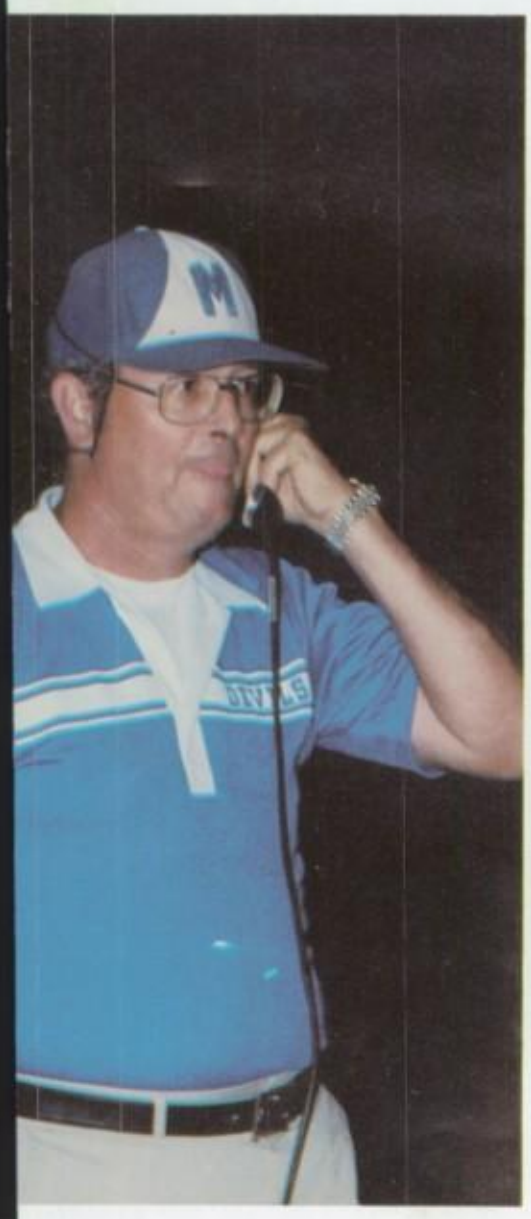


Somewhere over the rainbow
Rests a pot of gold,
Where spirit never dies
And hearts never grow old.

Somewhere over the rainbow
Where life is always fun,
Troubles melt like snowflakes
And homework is never done.



Somewhere over the rainbow
Where memories are made to last,
We look back over this rainbow
And view our beloved past.



DEDICATION

In the course of our lives, if we are
fortunate, we will come in contact with th
one extraordinary and exceptional teacher
one who genuinely cares. Knowing that s
cares makes all of our hard work worthwhi
Because she believes in us and teaches
to believe in ourselves; because she not o
gives of her knowledge, but leads us
search within our own minds; because s
unselfishly gives of her time to numero
school activities; and because she is
friend as well as our teacher, we salute a

EDITOR'S MESSAGE

I present to you the M.H.S. Reflector for the school year 1984-85. This is an edition of which the annual staff is especially proud. Much hard work and creativity has gone into the compiling of this annual. I am proud of the efforts of the annual staff, their cooperation and accomplishments. When you review this annual, I am sure you will be equally proud. I am sure you will agree that the annual staff has done a fine job.

The theme displayed throughout the 1985 Reflector is "Over the Rainbow." I believe the theme to be symbolic of the 1984-85 school year at M.H.S. This school has traditionally offered to the students a rainbow of opportunities. I feel that during the school year the student body has taken advantage of these opportunities in a positive manner. Academics, sports and extracurricular activities have flourished at M.H.S. during the school year.

The activities and accomplishments of the students reflected in this annual speak well for the students. My efforts as editor would mean little if not for the efforts of the annual staff. And what would the annual staff record if not the accomplishments of the students as a whole? I commend each student at M.H.S. for making this annual project a success.

Being editor has been an enjoyable experience and I appreciate having had the opportunity to serve M.H.S. in this worthwhile capacity. I will cherish the project, the school year, and M.H.S. each time I look at the 1985 Reflector.

JOSTENS

The year of 1984-85 was a learning year for me. I learned a lot of things about life and its ups + downs. I also learned a lot about myself. As I go along I see so many different things that has changed and I realize that it doesn't take too much of one thing to change your entire future. I see things that make me feel sad because so many lives are being ruined by one little mistake. Innocent people get hurt.
